- The screenshot shows the Joomla! administrator interface. At the top, there is a navigation bar with icons for Home, Webmail, Password, Help, and Files, along with a Logout button. Below this, a blue header bar displays the upload destination: 'Upload Files to /domains/joomla.cc.swu.ac.th/html' and the 'Max Filesize : 25.0 MB'. The main area contains a table with 8 rows, each with a 'Choose File' button and the text 'No file chosen'. A red circle with the number 8 points to the first 'Choose File' button. Below the table, there are two buttons: 'Upload Files' and 'Upload Even More Files'. A red circle with the number 9 points to the 'Upload Files' button.

10. ไฟล์ Joomla จะไปอยู่ในโฟลเดอร์ public_html ตามตัวอย่างคือไฟล์ชื่อว่า Joomla_3.6.2-Stable-Full_Package.zip จากนั้นให้คลิก **Extract** เพื่อจะ unzip ไฟล์

The screenshot shows the Joomla! Database Configuration screen. At the top is the Joomla! logo and the text "Joomla!® is free software released under the GNU General Public License." Below this are three tabs: "1 Configuration", "2 Database" (which is active), and "3 Overview". The main heading is "Database Configuration". On the right side of this heading are "Previous" and "Next" buttons. The form contains several fields: "Database Type" (a dropdown menu set to "MySQLi" with a note "This is probably 'MySQLi'."), "Host Name" (a text box with "localhost" and a note "This is usually 'localhost'."), "Username" (an empty text box with a note "Either something as 'root' or a username given by the host."), "Password" (an empty text box with a note "For site security using a password for the database account is mandatory."), "Database Name" (an empty text box with a note "Some hosts allow only a certain DB name per site. Use table prefix in this case for distinct Joomla! sites."), "Table Prefix" (a text box with "x7h5o_" and a note "Create a table prefix or use the randomly generated one. Ideally four or five characters long, it may only contain alphanumeric characters and MUST end in an underscore. Make sure that the prefix chosen is not already used by other tables."), and "Old Database Process" (with "Backup" and "Remove" buttons and a note "Backup" or "Remove" any existing tables from former Joomla! installations with the same "Table Prefix"). At the bottom right are "Previous" and "Next" buttons. A circular callout with the number "15" points to the "Next" button.

The screenshot shows the Joomla! Finalization screen. At the top is the Joomla! logo and the text "Joomla!® is free software released under the GNU General Public License." Below this are three tabs: "1 Configuration", "2 Database", and "3 Overview" (which is active). The main heading is "Finalization". On the right side of this heading are "Previous" and "Install" buttons. The form contains a section "Install Sample Data" with five radio button options: "None (Required for basic native multilingual site creation)", "Blog English (GB) Sample Data" (which is selected), "Brochure English (GB) Sample Data", "Default English (GB) Sample Data", and "Learn Joomla English (GB) Sample Data". Below these options is a note: "Installing sample data is strongly recommended for beginners. This will install sample content that is included in the Joomla! installation package." A circular callout with the number "16" points to the "Install" button.
